

## Introduction

Shalom and greetings in the name of Yahusha our Savior! This calendar has been placed on my heart to make available to anyone who desires to walk as our perfect example walked; according to the Torah of Yahuah Tseva'oth, our Father. If you would like a full breakdown of the scriptures and formation of this calendar, you can visit this [link](#), or you can search: "Calculating the Feast Days Parable of the Vineyard" (video), or you can visit the article with supporting scriptures, [here](#).

All Feast Days and Sabbaths are conducted evening to evening (sunset to sunset). The weekly Sabbath is from Friday at sunset to Saturday at sunset. For more information and justification for celebrating this way, click this

[link](#), or you can search: “Evening to Evening or Morning to Morning Parable of the Vineyard” (video), or you can visit the article with supporting scriptures, [here](#).

Please note, we have used a Gregorian calendar only for an easy reference point. The further we get away from the papal calendar, the better.

We have also included the New Moon’s for each new month, as according to the scriptures, the new moon sliver starts the monthly cycle. For more information on this, you may refer to the “Calculating the Feast Days” study. For the New Moon celebration, it is conducted by viewing the first visible phase at sunset. We do not believe the New Moon is to be observed as a Sabbath day, as there is no direct scripture that says so. It is a day for gathering together with other followers of the way, sharing food, scriptures, prayer, and song to honor Yahuah and plenty of shofar blowing!

Make sure to check the bookmark tabs to quickly navigate the calendar years.

## How To Read this Calendar

5th Day Thu	6th Day Fri	7th Day Shabbat
30	1	2
7	new moon 8	9
	Yom Teruah Feast of Trumpets	
	ROSH CHODESH Month 7 - Day 1	

Yom Teruah (Feast of Trumpets) is a perfect example for us. Take a look at the 7<sup>th</sup> day of the month on the Gregorian calendar. You'll see how it correlates to Thursday. However, since the true day is calculated from sunset to sunset – the first day of the month is from Thursday at evening (a portion of Thursday) to Friday at sunset (shown as the darker shade of green). All feast days operate like this. Likewise, you'll also notice the Sabbath (lightest shade of green) is from Friday at sundown to Saturday at sundown.

Now take a look at Yom Kippur. You'll see that Yom Kippur starts on the evening of the 16<sup>th</sup> (Saturday night) and continues into Sunday the 17<sup>th</sup>. Beneath each month, there will be a written detail of pertinent information, so if anything looks confusing on the calendar, you can reference that as well.

If you have any questions or comments, please feel free to email me at: [hello@parableofthevineyard.com](mailto:hello@parableofthevineyard.com) and I will do my best to respond in a timely manner. May Yahuah bless you and your family for your desire to follow him and his way!

Your brother,  
Adam Fink

ROSH CHODESH  
Month 9 - Day 1

Let us hear  
the conclusion  
of the whole  
matter: Fear  
Elohiym,  
and guard his  
commandments:  
for this is the  
whole duty  
of man.

QOHELETH  
(ECCLESIASTES)

12:13 תת  
CEPHER

Parable of the Vineyard
